Sub: Buildings - Police - South Kanara District - Electrification of certain Police station buildings - proposal regarding.

Ref: Chief Office memorandum R.C.HB.2/7441/55-1 dated 8-12-55.

There is every necessity for the electrification of all the four Police Stations proposed, for the following reasons.

1. The Police Stations at Kasaragod, Karkal and Udipi are Kabba Stations and important towns. These places are Taluk Head quarters and Police Circle Headquarters. The Police Station at Brahmavar is 7 miles away from Udipi. This is an important Police Station from crime point of view.

2. The Public are to have frequent access to the Police stations during day and night and the work of recording complaints, registering cases or making other records will become less burdensome if the stations are electrified.

3. In view of the amended Cr.P.C. procedure scriptory work in the stations has increased enormously and there is dire need for satisfactory lighting arrangements in all stations during nights, when police staff have to invariably do their scriptory work.

3. The relative plans and estimates on the above proposal are enclosed for further action.
